

Nursery High Frequency words

These are the **10 words** that we will be introducing the children to read in the spring term.

We will focus on teaching **one or two words each week** through our story of the week.

Our aim is that they will become familiar with these words, and they will begin reading them by sight before they start Reception in September.

We will include our **word/s of the week** in our weekly newsletters for the children to practise reading with you at home.
