

DESIGN AND TECHNOLOGY DAY!

With Christ at our centre, we love, listen and learn. ♥

WHEN?

Design and Technology day takes place once a term.

The next one is...

WHY?

You will complete your design and technology in one day. This will allow you to build on skills and link with your topics across the curriculum.

WHAT WILL STAY THE SAME? ★★

I will start and finish school at the same time.

My breaks and lunch will stay the same.

I will be in my classroom.

My teacher will be the same.

I will still attend my sessions I have.

★ WHAT WILL BE DIFFERENT? ●

I won't be doing maths, literacy or reading as I usually do.

I will spend all day completing my design and technology for the term.

There will be lots of activities and group learning to help me link my design and technology with topics across the curriculum.

Design and Technology day will be different but don't worry as your teacher will know exactly what to do and will be able to help you through the day.

It is going to be fun and exciting learning about our new topic! ♥
