This term in Year 3 our topic is On the Water! Here are some activities you can complete at home to support your learning.

Choose three (or more!) activities you can complete as a family and tick the square after you have completed it.

Let's Get Technical! Use a computer to create a poster about the canals and rivers in London.	Health and Well-Being! Go on a walk along the canal or a river. What can you see? Can you draw it?	Geographical Explorers Draw the canals and rivers onto a blank map of London.
Writing Write a non-chronological report about the River Thames. Think about what cool stories and facts you will include.		Let's Be Musicians! Can you find objects around the house to make sounds of water? Can you put them together to make a song? Show your parents, LOUDLY.
Let's be Artists! Can you make a 3D model of a river? Think about what it needs to include.	Maths Which is the longest river in England? How much longer than the second longest river is it? What about for canals?	Computing Can you make a powerpoint about the importance of canals and the Thames in London. Send screen shots to year3@olsj.co.uk

RE Homework	Topic – Half Termly Project
AT2 Question- to be completed on the RE Blog the first and last week of term https://www.olsj.towerhamlets.sch.uk/blogs/re/category/at2-questions/	

Although we don't have a special action for Pentecost, the Church will be decorated to remind us of Pentecost. The symbols of the Holy Spirit are a dove, fire and wind and you may see those on banners in the Church. The Priest will wear red and the altar cloth will be red. The prayers on Pentecost Sunday, all talk about the coming of the spirit as well. Create your own Pentecost banner. The way you present this is your choice and it can be 2d or 3d.

Can you make a 3D model of the water cycle? Have a look at the pictures above to help you!

A picture of your project needs to be emailed
Year3@olsj.co.uk by Tuesday, 28th April 2026 at the latest.

Maths Key Instant Recall Facts

KIRF Key Instant Recall Facts	What does KIRF look like?
I know the multiplication and division facts for all the times tables up to 4×12 .	I can calculate all times table facts to 4×12 and all the linked division facts with speed and accuracy. For example: If I know that $4 \times 12 = 48$, I know $12 \times 4 = 48$. I know that $48 \div 4 = 12$ is the same as $48 \div 12 = 4$
