We are required, by law, to pass certain information about our pupils to our local authority (LA), the Department for Education (DfE), and any other schools the pupil may move to. Pupil data is also regularly automatically exchanged with the LA. This is to enable the LA to provide services to schools

and pupils. The DfE may also share pupil level personal data that we supply to them, with third parties. This will only take place where legislation allows it to do so and it is in compliance with the General Data Protection Regulation.

Decisions on whether DfE releases this personal data to third parties are subject to a robust approval process and are based on a detailed assessment of who is requesting the data, the purpose for which it is required, the level and sensitivity of data requested and the arrangements in place to store and handle the data. To be granted access to pupil level data, requestors must comply with strict terms and conditions covering the confidentiality and handling of data, security arrangements and retention and use of data.
